

What's inside?

Here is a box where something is hid
I wonder whatever is under the lid.
Let's listen for a shout
And see who comes out!

Here is a Box

Here is a box where something is hid
I wonder whatever is under there
Could it be? Why, yes!
Without any doubt, it is a _____
Let it come out!

Little Turtle

I had a little turtle (hands on top of each other, move thumbs)
Who lived in a box (make box)
He swam in the puddles and climbed on the rocks (with hands swim, climb)
He snapped at a mosquito (clap), he snapped at a flea (clap)
He snapped at a minnow (clap), and he snapped at me (clap)
He caught the mosquito (cup hands), he caught the flea (cup hands),
He caught the minnow (cup hands), but he didn't catch me! (wag finger)
